MEET PITT COOKING

A kitchen to be proud of

Meet PITT cooking: gas hobs directly integrated into your favorite worktop.

The limitations of the traditional stove as the biggest source of inspiration. Efficient cooking, on powerful flames. Finally enough space for your pans. And always a kitchen to be proud of.

PITT cooking offers harmony that perfectly combines the joy of cooking, sophistication and style. Made in Holland.

MEET PITT COOKING

Assembled by hand

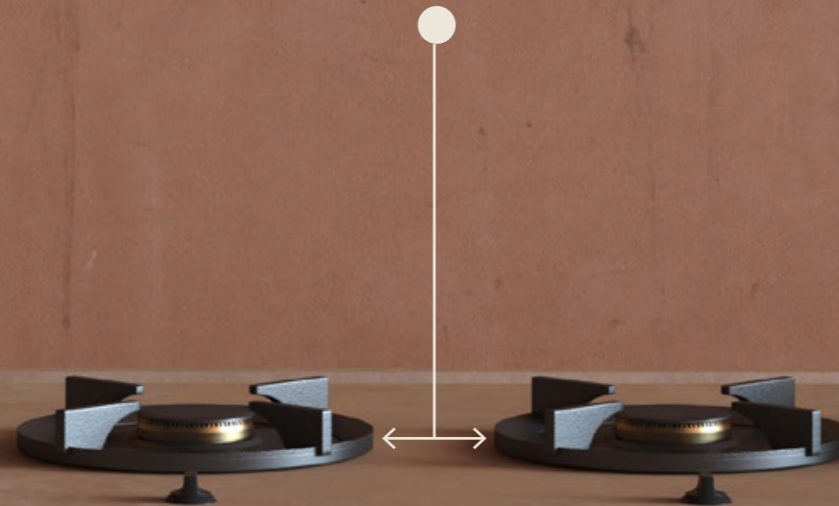

Every PITT cooking burner system is carefully assembled by hand in De Meern, a small village close to the city of Utrecht. This location offers an office, production area and showroom together under one roof. The close-knit and committed PITT cooking team places the emphasis on quality as they provide an unparalleled service which demonstrates unquestionable love for the products, every single day.

MEET PITT COOKING

In control of the flame
Three types of burners:
from subtle to powerful
flame.

Sufficient room
Use all burners at the
same time, even with
bigger pans.

Robust and elegant
High quality materials,
suitable for every interior and
easy to maintain.

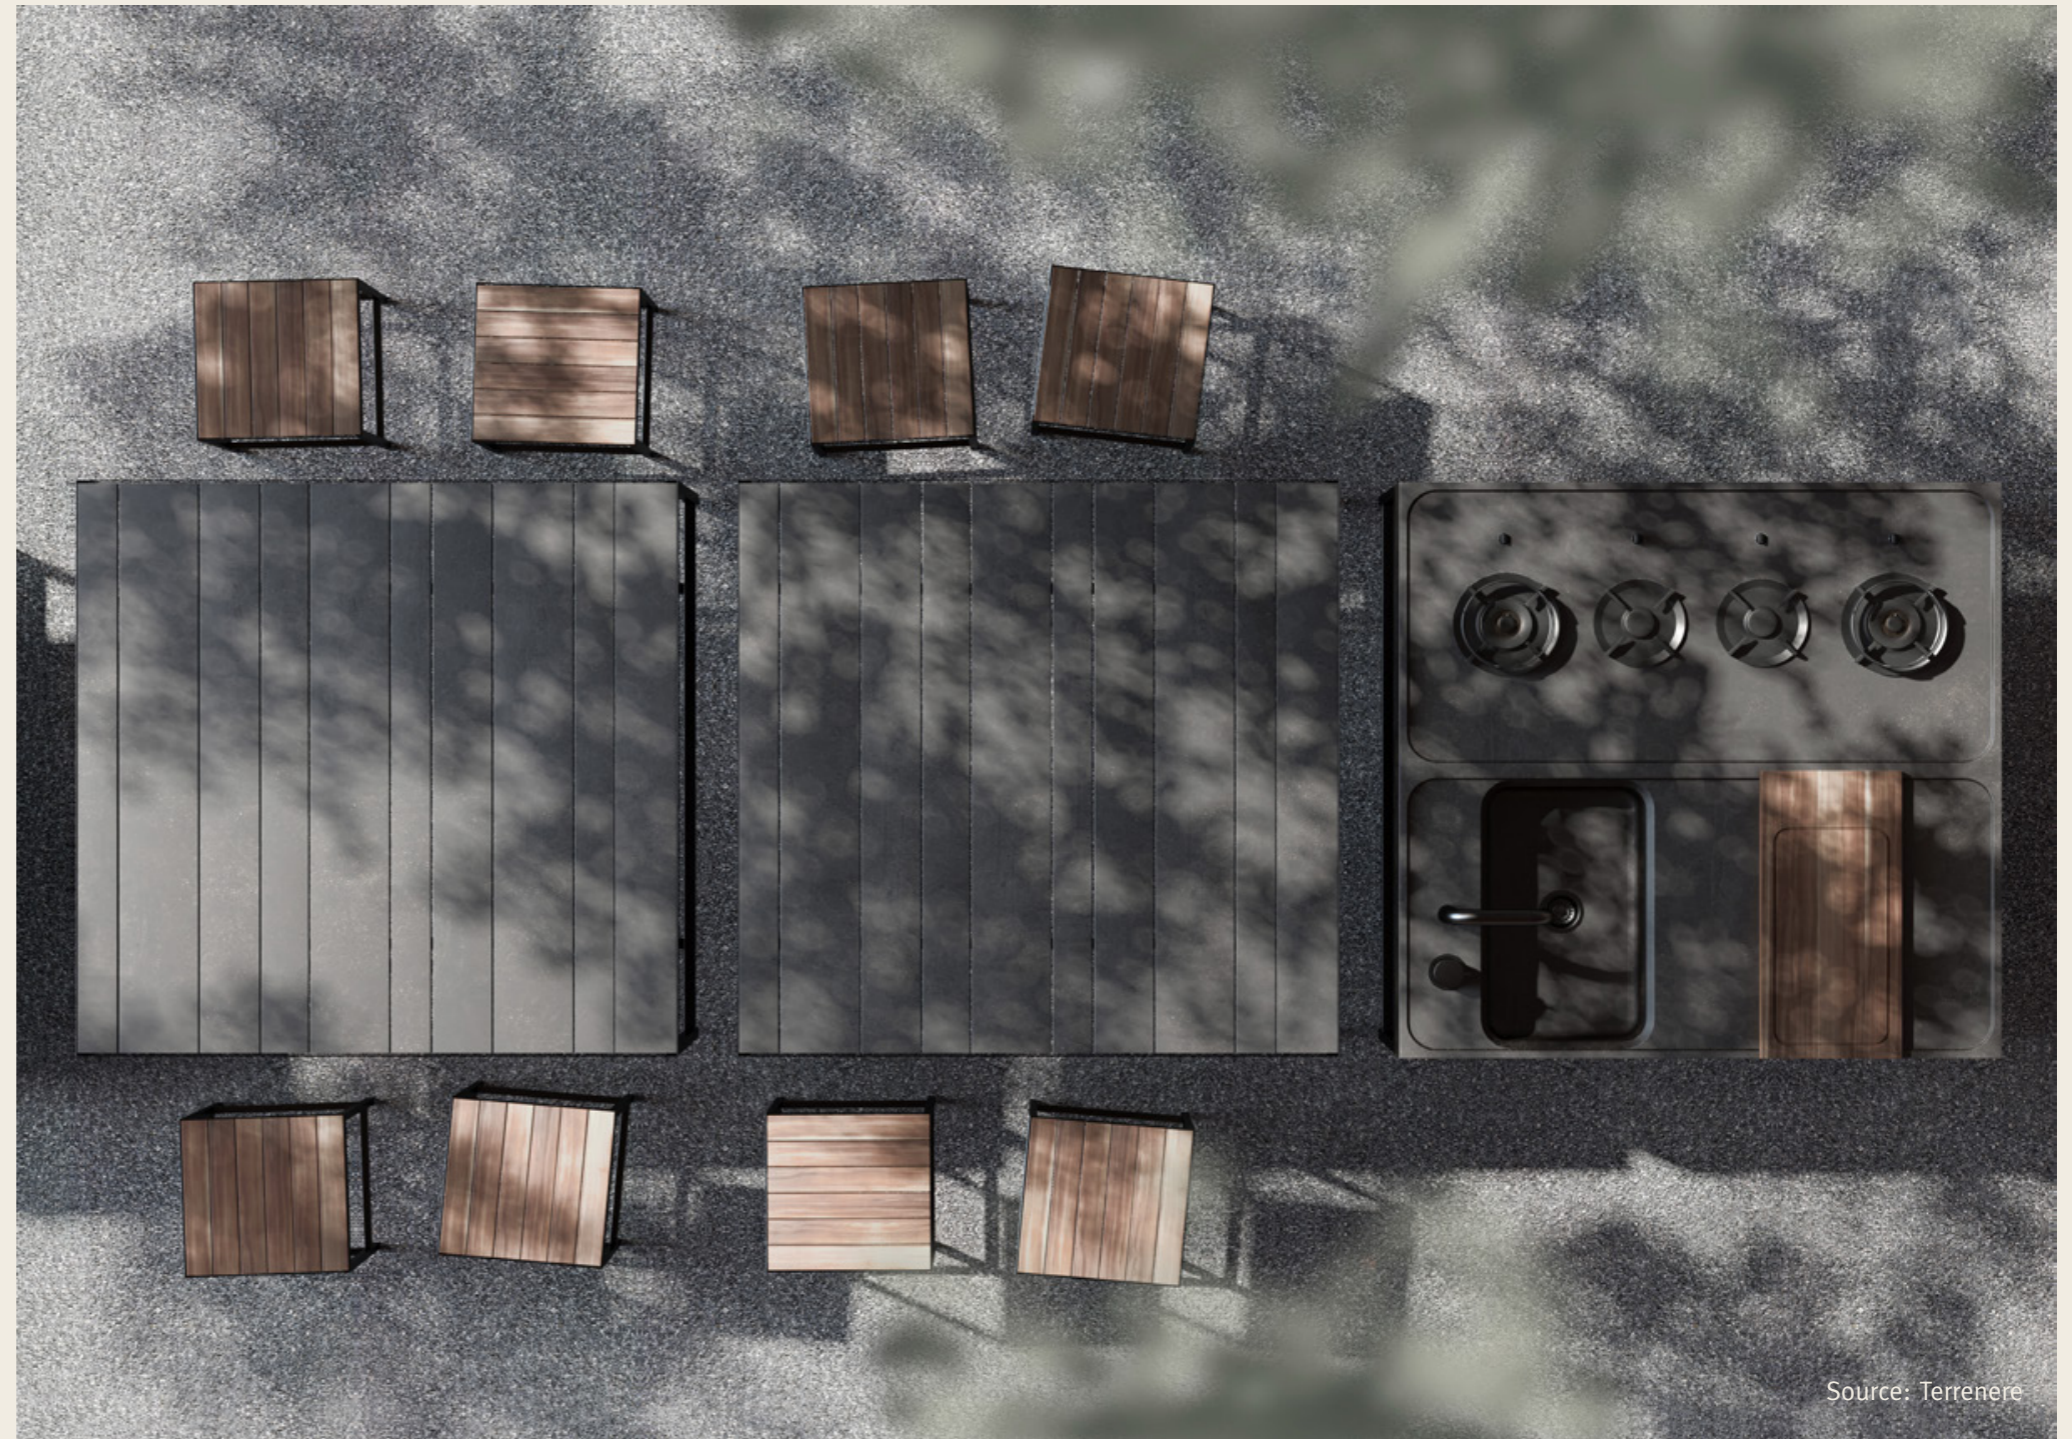

MEET PITT COOKING OUTDOOR

Beyond the walls

The kitchen: the heart of our homes. Where real togetherness is fostered and harmony between people is developed. A place to connect.

In recent years, this place has expanded beyond the walls of our houses, with the outdoor kitchen becoming an extension of our living space. Because what's a better way to unwind after a long day than by cooking your favorite meal in the fresh air?

PITT COOKING OUTDOOR

The outdoor kitchen of your dreams

With our PITT cooking Outdoor set we relocate your dream kitchen to the great outdoors. In your garden, on your terrace and even on a boat. The joy of cooking on our designer hobs can now be experienced outdoors.

Due to the modular concept the outdoor cooking system will fit in any type of outdoor kitchen: large, small, fixed or a mobile construction.

PITT COOKING OUTDOOR

The PITT cooking Outdoor set

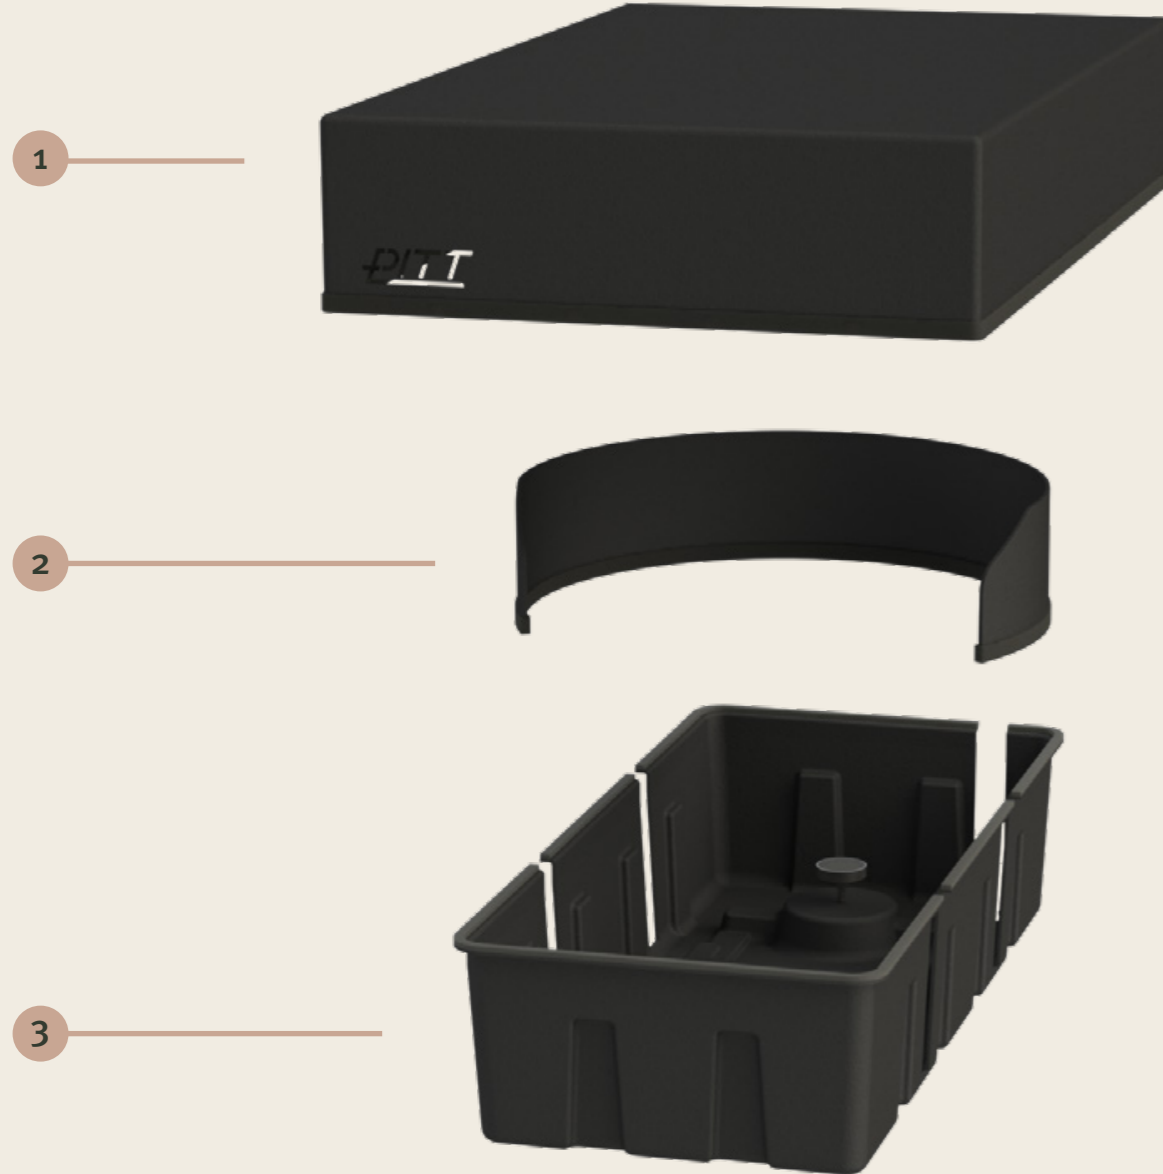

The PITT cooking Outdoor set consists of the PITT cooking Outdoor kit combined with a PITT cooking cooking system of your choice (see page 27 for Outdoor assortment).

The PITT cooking Outdoor kit consists of the following elements:

- 1 Windshield**
Protects the flame against wind.
- 2 Bottom cover**
Protects the technical module against moisture and dirt.
- 3 Top cover**
This durable cover is placed over the burners after use.
