Water Pressures	20 PSIG (1 bar)	80 PSIG (5 bar)
Electrical Voltage	-10%	+10%

Machine requires voltage indicated on the rating nameplate. Scotsman SRC065 and SRN110 models are approved for outdoor installations. All products must operate where air temperature does not fall below 50°F and does not exceed 100°F. Extended periods of operation at temperatures exceeding these limitations constitute misuse under the terms of Scotsman Manufacturer's Limited Warranty, resulting in a loss of warranty coverage. Failures caused by improper installation are not considered factory defects. Refer to owner's manual for complete installation requirements. Please note: when installed in a corner, the door swing may be limited due to handle contact with the wall or cabinet face.
